

Meteoroloji Genel Müdürü Coşkun WMO Yürütme Konseyi Toplantısına Katıldı

Çevre, Şehircilik ve İklim Değişikliği Bakanlığı Meteoroloji Genel Müdürü Volkan Mutlu Coşkun, Dünya Meteoroloji Örgütü (WMO) Yürütme Konseyi toplantısına video konferans yöntemiyle katıldı.

24 Ocak 2024 günü WMO Başkanı Dr. Abdulla Al Mandous Başkanlığında düzenlenen ve Prof. Celeste Saulo'nun WMO Genel Sekreteri unvanı ile kez katıldığı toplantıda; Genel Sekreter Yardımcısı ve Genel Sekreter Asistanı seçimleri onaylandı.

Toplantı sonunda Meteoroloji Genel Müdürü ve WMO Yürütme Konseyi Üyesi Volkan Mutlu Coşkun, Genel Sekreter Yardımcısı Ko Barret ve Genel Sekreter Asistanı Thomas Asare'y'i yeni görevlerinden dolayı kutlayarak, kendilerine başarılar diledi.

ASG: Thomas Asare - Ghana

Highlighted strengths

- Solid experience in the management and administration of United Nations Organizations significantly larger and with more intricacies compared to WMO. Manages UNICEF's financial resources (US\$7B in Revenue, US\$3B in Procurement Trust Funds and US\$1B in hosted Multi-Donor Trust Funds annually).
- Mr. Asare showed solid experience in management, auditing, control and monitoring. This is particularly relevant to address the observations made by all the audit bodies (JIU, External Auditor, AOC).
- Through his experience WMO will be able to increase trust and accountability to members, partners and donors, overseeing both RB and XB.
- Outstanding track record in the field that is expected to fill gaps in financial management, reporting lines, human resources strategies and control and audit.

WORLD METEOROLOGICAL ORGANIZATION

DSG: Ko Barret - United States of America

Professional Background

- Current position: Senior Advisor for Climate at the National Oceanic and Atmospheric Administration (NOAA) in the United States of America.
- IPCC vice chair from December 2015 until July 2023. Prior to this she has held senior positions in NOAA such as Deputy Assistant Administrator Research, Deputy Director, Climate Program Office, Acting Division Chief, Climate Assessment and Services Division, and Associate Director for International Affairs.
- As NOAA's foremost authority on climate, Ms. Barret serves as the agency's representative in a wide spectrum of intra-agency, inter-agency, and international dialogues and initiatives aimed at advancing climate action.
- Ms. Barret has also held positions in the US Department of State as Senior Climate Change Adviser and Climate Change Negotiator and in USAID as Director, USAID's Global Climate Change Program.
- Over 30 years of experience in the domains of climate, atmospheric and environmental research and services.
- Intimately familiar with the work of WMO and its constituent bodies, programmes and projects.
- Extensive experience in international policy and knowledge of the UN agreements relevant to WMO and its Members.
- She will be able to provide strong substantive leadership in all technical areas of WMO.
- Extensive network of partners to contribute to the enhancement of collaboration and the creation of synergies between WMO and relevant stakeholders in the UN common system and outside.
